# THE 1960 LION

### OUR DAY FROM BEGINNING TO END

### IS BOTH EDUCATIONAL

Our day affords many educational opportunities for growth. Under the leadership of our inspiring administrators and teachers, we are acquiring the fundamental tools to assist us with the many problems we shall face in our adult life.

We shall earnestly try to present for your pleasure a review of our daily educational activities as we have recorded them in both words and in pictures. May you reminisce along with us, and as you browse through the pages of our 1960 Edition of the "Lion" you too will relive our days.

### AND ENJOYABLE

We believe in the old saying,"All work and no play makes Jack a dull boy." To avoid this situation in our school, there are many occasions during the day when we participate in activities which afford us many

enjoyable experiences.

The band, glee club, and music appreciation courses offer excellent opportunities for the music lovers. Those with dramatic talent can find many opportunities for self expression and creativeness in the dramatics club. For the scientifically inclined, the Hobby Lobby Science Club beckons. Baseball, basketball, football, and track are available for those who desire to participate in sports. The student council, homeroom organizations, chapel programs conducted by students, the honor society, varsity club, and social studies club also have programs designed to provide moments of enjoyment as well as educational value.

Mr. A. H. Williams, Director of Athletics

To the members of the Athletic Staff: With the service you have given us in the years passed, you have earned the respect of the students and your colleagues.

You have given us your time and efforts in the many activities, and you have led us to victories in many sports. You may be sure your names and services will not be forgotten by those whom you have helped.

With sincere affection and best wishes for the future we the staff of the 1960 "Lion" dedicate this edition to the P. W. Moore Athletic Staff.

## Principal's Message

My sincere congratulations and all good wishes to the class of 1960.

The 1960 issue of the "Lion" is an evidence of the creative thinking, the desire to want to excel, and a sign of growth on the part of our seniors here at Moore High. I want to say to the members of the class of 1960 that you are living in a time when people have demonstrated that they have very little faith in one another. To be successful in life, however, you must have faith in yourself, your parents, your community, your nation, and your leaders.

It is your responsibility to make the world better because you are a part of it. You must be willing to take your place in the world and by faith become a productive citizen.

As you leave "Moore High" always remember that we have faith in you.

## Message From The Director Of Athletics

To the former students, present student body, and loyal friends of our institution, we are indeed grateful for the interest, support and kind words of advice given to the Department of Athletics during the 1959-1960 school year.

We are trying to keep alive the fine tradition of fair play, hard play and good sportsmanship that many of you toiled so hard to establish here at P. W. Moore. It is our desire to keep alive the memory of some of the people who played a vital part in making the step-by-step march to place P. W. Moore in a position of respect in North Carolina athletics as well as in the other areas of scholastic life.

We could list many names of our friends, faculty members and students who played a part in the development of our program in athletics over the years if space would permit us to do so. However, I could not conclude this message of thanks without mentioning a few.

We shall never forget the contributions of the following people: Mr. J. G. Harris, coach; Mr. Jacob Felton, coach; Mr. W. H. Jones, Jr., coach; Mr. C. R. Paige, business manager (now principal); Mr. Casper Hill, coach; Mrs. L. B. Sugg and Mrs. M. H. McClease, faculty members; Mr. W. W. Edmonds, coach; and our present coaching staff of Mr. W. W. Weeks, Mr. T. V. Beasley, Mrs. E. H. Harris, and Mr. C. L. Foster.

Again, I wish to thank you for your fine support to the Department of Athletics.
